Testimony

- A testimony submitted by Clarita, a lesson grader in Luján, *In the month of November, I visited a new girl from the La Palomita neighborhood who I had not personally met. I took her the first book of the course "A Country Called Heaven." We talked about the importance of recognizing God and reading His Word. Her little children were there. When I got home, I received a video of her children reading the Source of Light book to their mother. It was difficult for her to read, so the little girls read it so that their mother could understand the Source of Light course. It is beautiful to see how God uses different strategies to reach souls.*
- This testimony was submitted by Valeria, a lesson grader in Luján. *I have an 80-year-old student named Fany who is doing the Source of light lessons. The lessons have helped her to get out of bed and recover from depression she was experiencing due to chemotherapy. She wakes up every day with enthusiasm to get her lessons, research them, and read the Gospel. Every time I go to visit her, I take five or six lessons because she finishes them so quickly. I give glory to God because the lessons that I gave her have lifted her up, excited her, and she has grown spiritually.*
